# 9100

## SPECIFICATIONS

### USER-FRIENDLY TOUCH SCREEN

There are many delicious drink choices available simply by touching the 10" HD screen.

### COFFEE EXACTLY TO YOUR TASTE

Espresso, cappuccino, cafe latte ora creamy hot chocolate - made just the way you like, simply by the touch of your finger.

### ELEGANT DESIGN

LED lights frame the Scandinavian elegance aluminum facie and help ensure that the machine is both user-friendly and energy efficient.

**DIMENSIONS**

### 10" TOUCH SCREEN

The 10" touch screen offers a visual guide, making choices easier. The design and layout of the screen can also be fully customized to suit an environment.

### SEPARATE DELIVERY POINTS

Coffee, chocolate, and mixed drinks on the left, and hot water on the right.

### CUP AREA LIGHT PATH

A light path in the cup area helps ensure that the cup is placed in the correct position and cup sensors are also present to ensure the machine only vends when it knows a cup is there.

### ADJUSTABLE CUP HOLDERS

The spacious delivery area with adjustable cup holders allows you to fill coffee pots or thermo jugs.

### LED LIGHTS

LED lights frame the cup area which enhance the overall look and feel of the machine.
